

STEPHENS

COMMERCIAL PAINTING

BACKGROUND

CBS 11 reached out with a very unique project - a 200 foot tower in desperate need of a repaint. This project involved height, difficult logistics around the base area, and sensitive broadcasting equipment that could not be disturbed.

PROJECT SIZE

200 FEET TALL

TIMELINE

2 WEEKS

COATINGS

**2 Coats Sherwin
Williams LOXON Paint**

SOLUTION

The pros at Stephens inspected the jobsite to determine the right type of equipment needed in order to access the entire tower while keeping the crew, equipment, and surrounding area safe. A detailed plan was created to work around the client's logistics and complete the project timely.

RESULTS

The CBS 11 tower was prepped, cleaned, and then painted with two coats of Sherwin Williams LOXON self-cleaning paint. All broadcasting equipment remained in place and operable throughout the job. The entire project was completed ontime and on-budget - the Stephens Way!
