# FROM THE PARKING LOT TO THE ROOFTOP

## STEPHENS PAINTING HAS YOU COVERED

### Roof Coatings

If you have a roof in need of repair or replacement, this could be a cost effective, efficient, and long-term solution. Stephens Commercial Painting has the expertise & high quality, engineered roof coatings to help your school facility get dry and stay dry, all while classes continue inside the building.

### Parking Lot Striping

Exterior painting projects are a great time to also tackle parking lot re-striping. From the dropoff line to the pickup line, our experienced crews will work around your bell schedule.

### Floor Coatings

Floor coatings are an economical and safe solution for high traffic areas throughout your academic facility. Stephens Commercial can coat any floor surface from the front office to the locker room – make it safer with a non-slip coating.

### Exterior

Stephens Commercial Painting has completed over 10,000 exterior paint projects – that's confidence that we're going to get your job right! From the school bus parking lot to the gym roof top and everything in between, count on Stephens Commercial Painting.

### Maintenance Painting

With a proven track record of delivering top-notch services, we cater to the specific needs of private schools, ISD's and other educational facilities. High traffic areas such as hallways, classrooms, gyms, and other spaces can be difficult to maintain. Let us develop a customized maintenance painting plan for your facilities that saves time & money.

### Interior Walls

The walls in your school make a big statement about your facilities. Whether you need a simple coat of white or custom colors to match the school mascot, our crews are experienced and precise. Classrooms, halls, locker rooms, libraries, gyms – we paint it all!
