

STEPHENS

COMMERCIAL PAINTING

BACKGROUND

Stephens Commercial Painting undertook a significant project to revitalize various attractions at Hurricane Harbor in Arlington, TX. With a wealth of experience in transforming commercial spaces, Stephens Commercial Painting brought its expertise to breathe new life into the water park's iconic features, including the Der Stuka water slide, the wave pool, and more.

PROJECT SIZE

5,000 – 100,000 SQ FT

TIMELINE

1 – 6 WEEKS

COATINGS

**Zero VOC coatings
Customized per project**

SOLUTION

Crafting a tailored solution for Hurricane Harbor, Stephens Commercial Painting focused on enhancing both the aesthetics and functionality of the attractions. Utilizing high-quality paint materials specifically designed for water park environments, the team ensured durability and resistance to water exposure, UV rays, and other environmental factors.

RESULTS

The results speak for themselves – fresh coatings across the park, on time and on budget. The facility management team is completely satisfied and is now scheduling ongoing projects with Stephens Commercial Painting.
