FROM THE PARKING LOT TO THE ROOFTOP

STEPHENS COMMERCIAL PAINTING HAS YOU COVERED

Roof Coatings

If you have a flat or low-slope roof, this could be a cost effective, efficient, and long-term solution. Stephens Commercial Painting has the expertise & high quality, engineered roof coatings to help your healthcare facility get dry and stay dry, all while patient and residence life is uninterrupted inside.

Parking Lot Striping

Clear emergency lanes and directional lines are critical for routing patient traffic at healthcare facilities. From the emergency entrance to personnel parking and visitor parking areas, Stephens Commercial is your turnkey solution for parking lot striping.

Floor Coatings

Floor coatings are an economical and safe alternative for commercial and industrial concrete flooring systems or uncoated concrete floors. Floor coatings can add value to any facility. Chemical and stain resistance, aesthetically pleasing, and safety are all benefits of the right floor coating in your facility.

Exterior

Stephens Commercial Painting has completed over 10,000 exterior paint projects – that's confidence that we're going to get your job right! From the visitor entrance to the rooftop and everything in between, count on Stephens Commercial Painting.

Maintenance Painting

With a proven track record of delivering top-notch services, we cater to the specific needs of healthcare facilities. High traffic areas such as waiting rooms, hallways, and other spaces can be difficult to maintain. Let us develop a customized maintenance painting plan for your facilities that saves time & money.

Interior Walls

The walls in your healthcare facility make a big statement. Whether you need a simple coat of white or custom colors to match your brand standards, our crews are experienced and precise. Dining halls, waiting rooms, hallways, operating rooms – we paint it all!
