

STEPHENS

COMMERCIAL PAINTING

BACKGROUND

Watters Creek, a bustling shopping center known for its vibrant atmosphere and heavy foot traffic, needed a fresh, modern look to stay competitive and attract more visitors. The client recognized the importance of updating the exterior colors while maintaining a cohesive aesthetic across all buildings. The challenge was to execute this transformation without disrupting the daily activities of the shopping center's visitors and tenants.

PROJECT SIZE

3 buildings
15,000 SQ FT each
1 building 50,000 SQ FT

TIMELINE

10 WEEKS

COATINGS

Sherwin Williams Exterior
Super Paint Flat Finish
Dirt and mildew resistant coating

SOLUTION

The project required careful coordination to avoid disrupting the shopping center's operations and residents. After providing a color recommendation, the team strategically scheduled nighttime work to minimize interference with daily activities and ensure a smooth, undisturbed process.

RESULTS

Visualization: Stephens Commercial Painting provided a detailed color rendering that enabled the client to preview the shopping center's new appearance.

Minimized Disruption: Successfully implemented a nighttime work schedule, avoiding interference with the center's daily operations and ensuring the comfort of tenants living nearby.

Enhanced Aesthetics: Delivered a modern, updated color scheme that transformed the appearance of Watters Creek, exceeding all client expectations and enhancing the center's appeal to both current visitors and potential new customers.
