

# STEPHENS

COMMERCIAL PAINTING

## BACKGROUND

The Shops at Legacy is an upscale shopping mall with numerous exterior elevation changes, tight corridors, and heavy retail traffic. The property management approached Stephens Commercial Painting for an exterior paint bid that included strict requirements for timeline, minimal disruption of the retail tenants, and complex color matching. This included numerous types of surfaces to be painted and detailed color coordination.

## PROJECT SIZE

**200,000 SQ FT**  
of exterior retail space

## TIMELINE

**16 WEEKS**

## LOCATION

**Plano, TX**

## COATINGS

**Sherwin Williams Paints & High Performance Coatings**

## SOLUTION

The team at Stephens Commercial Painting met onsite and created a customized work schedule that included after-hours and overnight production. Stephens installed color samples to ensure the client received the exact colors they desired, per the architect's specifications.

## RESULTS

Stephens Commercial Painting completed the project on time and on budget with zero incidents. They also achieved a high degree of color accuracy, managing several color changes throughout the project. The team completed the project with no down time or interruptions for the retail businesses. The project was a huge success!
